Trash day is now Tuesday!

Dear Residence,

As you know, the current trash company that picks up the majority of the trash at WHMD changed its trash day from Friday to Tuesday with no input from the Metro District. Since over 90% of the residents were using that vendor, the district did not have a choice to use or have other vendors on Fridays.

Since this trash day change happened, the district now has two other trash companies that will **pick up on Tuesdays**. This should have a lot more competitive pricing to give residents a choice. Below are the two vendors that will start doing **trash pickup on Tuesdays at Windsor Highlands Metro Districts**.

Step it up trash service is ready now to start service and Ram Waste, which will start the first week of September after the holiday. Please take time to check on pricing and go with the vendor that works best for you. Both of these vendors are preferred because they pick up on Tuesdays.

Step It Up Disposals can be reached at 970-888-1414 or the web site; <https://stepupdisposals.com>

Ram Waste Systems can be reached at 970-226-3396 or the web site; <https://www.ramwastesystems.com/>
